Work Space: 210mm (8¼") x 330mm (13")

Semi Hard Cover Included

11 Standard Feet and Accessories Included

Optional Accessory Kits Available

Easy Set Bobbin Case and Cover

The specially designed bobbin case and cover mean there's no need to pull long thread tails up and through when you first thread the machine. Slip the bobbin thread in the cover plate guide; the built in cutting blades trim the tail to the correct length for a super-clean start to your stitching line. After the initial threading, the auto-thread cutter takes care of trimming and re-setting the tails each time.

Ergonomic Knee Lift

The ergonomic knee lift allows you to control the presser foot with your knee. Very helpful when sewing a project that needs to be frequently manoeuvred or requires you to keep hands on the fabric at all times. Available in an adjustable design, which can be manipulated to rest in the most comfortable position for each sewist.

Six Ultra-Bright LED Lights

Ultra-bright LED lights in three locations illuminate the bed of the machine, providing a dazzling work area.

Workspace

The largest workspace in its class! W 210mm (8¼") x L 330mm (13") of spacious bed space. With 210mm (8¼") to the right of the needle there's room for any project.

Bobbin Winder Plate with Cutter

The new bobbin winder plate has five cutting blades. Faster and smoother winding, easy thread cutting, and your bobbin is ready to go.
